Bhawesh Bhaskar

Sr. Software Developer (Banking Expertise)
Project Visit: Malaysia

I am a competent full stack developer with more than 5 years of solid work experience in designing and developing websites for agency clients. I am a creative person who can produce websites from concept to launch. Having a detailed understanding of best UX principles and Backend Development along with the SEO best practice, my websites are optimised to load fast, be responsive and be a pleasure to use. I have worked effectively both independently and as part of a team, and I am capable of being highly productive either way.
